2. Most Popular Pizzas (Top Selling Products)

Top 10 Pizzas by Quantity Sold

1. The Classic Deluxe Pizza – 2,453
2. The Barbecue Chicken Pizza – 2,432
3. The Hawaiian Pizza – 2,422
4. The Pepperoni Pizza – 2,418
5. The Thai Chicken Pizza – 2,371
6. The California Chicken Pizza – 2,370
7. The Sicilian Pizza – 1,938
8. The Spicy Italian Pizza – 1,924
9. The Southwest Chicken Pizza – 1,917
10. The Big Meat Pizza – 1,914

Insight

- **Classic Deluxe Pizza** is the most popular item.
- **Chicken-based pizzas** appear frequently in the top 10, indicating strong demand.
- A mix of classic and specialty pizzas drives overall sales.

---

3. Pizza Size Preference

Sales by Pizza Size

- **Large (L): 18,956 pizzas**
- **Medium (M): 15,635 pizzas**
- **Small (S): 14,403 pizzas**
- **XL: 552 pizzas**
- **XXL: 28 pizzas**

Insight

- **Large size pizzas dominate sales**, making up the biggest share.
- **Extra large sizes have very low demand**, possibly due to higher price or limited customer need.
- The business should focus promotions on **large-size combos**.

---

4. Sales by Pizza Category

Quantity Sold by Category

- **Classic:** 14,888
- **Supreme:** 11,987
- **Veggie:** 11,649
- **Chicken:** 11,050

Insight

- **Classic pizzas are the most preferred category**.
- **Chicken and Veggie pizzas also perform strongly**, indicating diverse customer tastes.
- The menu has balanced demand across categories.

---

5. Peak Order Hours (Customer Behavior)

Most Busy Hours

- **12 PM**
- **1 PM**
- **6 PM**
- **5 PM**
- **7 PM**

Insight

- **Lunch time (12–1 PM)** has the highest number of orders.
- **Dinner time (5–7 PM)** is also very busy.
- These are the **peak operational hours**.

Business Recommendation

- Increase staff during lunch and dinner rush.
- Offer **lunch deals** to increase sales further.

---

6. Customer Buying Pattern

From the analysis:

- Customers usually buy **2–3 pizzas per order**.
- Large pizzas are preferred for **group consumption**.
- Demand spikes during **meal times (lunch and dinner)**.

Insight

- Customers are likely ordering for **families or groups rather than individuals**.

---

7. Menu Strategy Insights

High Demand Items

Focus marketing on:

- Classic Deluxe Pizza
- Barbecue Chicken Pizza
- Hawaiian Pizza
- Pepperoni Pizza

Low Demand Opportunity

- XL and XXL pizzas need promotion or bundle offers.

---

8. Revenue Growth Opportunities

To increase revenue, the business could:

1. Introduce **combo deals with large pizzas**
2. Offer **lunch specials**
3. Promote **top selling pizzas**
4. Bundle **pizza + drinks**
5. Provide **family meal offers**

---

9. Operational Recommendations

1. **Increase kitchen staff during peak hours**
2. **Stock ingredients for top-selling pizzas**
3. **Promote large pizzas in marketing campaigns**
4. **Create loyalty programs for repeat customers**

---

10. Final Business Conclusion

The pizza business is performing well with strong demand and consistent sales.

Main Findings

- Classic pizzas are the most popular.
- Large size pizzas dominate the market.
- Lunch and dinner times generate the highest orders.
- Chicken and specialty pizzas are also major contributors to sales.

Overall, the company has **strong growth potential** if it focuses on **peak-time optimization, promotional offers, and high-demand products**.
